LIBERALITY OF BABU SURENDRA NATH GHOSH, OF RAJIBPUR.

No. 3819Edn., dated Calcutta, the 19th December 1924.

From—J. A. L. SWAN, ESQ., I.C.S., Secretary to the Government of Bengal, Education Department,

To—The Commissioner of the Presidency Division.

With reference to your letter No. 216-Misc.-G., dated the 4th November 1924, I am directed to request that you will be so good as to convey the thanks of the Government of Bengal to Babu Surendra Nath Ghosh of Rajibpore, district 24-Parganas, for his liberality and public spirit in making a donation of Rs. 20,000 towards the construction of a Hindu hostel at Rajibpur.

DEPARTMENT OF AGRICULTURE, BENGAL.

Forecast of the Winter Til (Sesamum) crop of Bengal, 1924-25.

(NOTE.—On an average of the five years ending 1922-23 the area under til in Bengal has represented some 8·5 per cent. of the total area under *til* in British India.)

Character of the season.—At the outset the weather was not uniformly favourable for field operations owing to unequal distribution of rain. The rainfall in September being generally excessive interfered with the growth of the crop, while moderate rainfall in the following month improved its prospects. Subsequently untimely heavy rainfall in November caused damage to the mature crop in many parts of province. On the whole the season has not been a favourable one for the crop.

Acreage.—The total area sown with the crop this year is estimated at 51,400 acres against 44,200 acres last year.

Outturn.—According to District Officers' estimates the outturn of the crop for the province, as a whole, works out at 79 per cent. of the normal against 86 per cent. last year. Taking 6½ maunds as the normal rate of yield per acre, the gross outturn for the province is estimated at 9,100 tons this year against 8,500 tons last year, or an increase of about 7 per cent.

R. S. FINLOW,
Director of Agriculture, Bengal (offg.).

From—C. A. TEGART ESQ., C.I.E., M.V.O., Officiating Commissioner of Police, Calcutta,

To—The Secretary to the Government of Bengal, Local Self-Government Department, Municipal Branch.

With reference to your letter No. 4122 M. of the 18th instant, I have the honour to forward herewith the report on the working of the Calcutta Fire Brigade for 1923-24.

I may add that the report, so far as the general work of the Fire Brigade is concerned, has been ready for submission since April last, but could not be completed owing to the financial statement not being prepared for want of the final adjustment of accounts by the Accountant-General, Bengal. This was not done till about the 23rd instant after various reminders have been issued.

No. F. B. 779, dated Calcutta, the 23rd September 1924.

From—CAPTAIN BERNARD A. WESTBROOK, Chief Officer, Calcutta Fire Brigade,

To—The Secretary to the Government of Bengal, Local Self-Government Department, Municipal Branch.

6. **Appliances.**—The following appliances are in commission by the Calcutta Fire Brigade :—

Eleven motor pumps, 1 motor 85 feet mechanically-operated turntable ladder, 1 motor emergency tender, 2 motor lorries, 2 motor cars, 5 steam fire engines, 1 sixty feet horse-drawn turn-table ladder, 6 fires-escapes and telescopic ladders, 18 hook ladders, 53 scaling ladders, 10 smoke helmets, 5 horses and 51,025 feet of 2¾ inches unlined canvas hose.

They are distributed as follows :—

Headquarters.—Five motor pumps, 1 motor trailer pump, 1 motor emergency tender with menitor and break-down appliances, 1 motor lorry, 2 motor cars, 1 steam fire engine, 1 fire-escape and Telescopic ladder, 8 hook ladders, 27 scaling ladders, 10 smoke helmets and 30,975 feet of 2¾ inches unlined canvas hose.

Central Avenue.—Three motor pumps, 1 motor 85 feet mechanically, operated turn-table ladder, 1 sixty feet, horse-drawn turn-table ladder, 1 fire-escape, 1 telescopic ladder, 6 hook ladders, 11 scaling ladders and 9,075 feet of 2¾ inches unlined canvas hose.

Chitpur.—One motor pump with telescopic ladder, 1 steam fire engine, 2 hook ladders, 6 scaling ladders, 3 horses and 5,550 feet of 2¾ inches unlined canvas hose.

Howrah.—One motor pump, 1 steam fire engine, 1 telescopic ladder, 2 hook ladders, 9 scaling ladders, 2 horses and 4,450 feet of 2¾ inches unlined canvas hose.

Garden Reach.—One steam fire engine and 975 feet of 2¾ ins. unlined canvas hose.

It is estimated that motor appliances travelled 11,131 miles and horse-drawn appliances 68 miles during the year in responding to and returning from calls.

During the year two unserviceable steam fire engines have been disposed of and the sale-proceeds credited to the fund.

7. **Fire stations.**—Appendix V gives the number of times each fire station has been turned out in response to fire calls together with the monthly figures.

The Fire Brigade headquarters is still located in rented premises. The present accommodation is insufficient for the Brigade and early steps should be taken to secure a suitable site and to erect a permanent station.

8. **Staff.**—The strength of the Fire Brigade was 217 and the conduct and discipline has been good.

9. **Fatalities and accidents.**—During the year under review the total number of lives lost was 53, of which five were cases of suicide by burning. First aid was rendered in almost all the cases by the Fire Brigade and the injured persons were taken to hospitals (*see* Appendix VI).

10. **Horses.**—During the year three horses were sold, leaving five horses at present.

11. **Water-supply.**—The water-supply has been far from satisfactory and difficulties have been encountered in extinguishing all fires above average size. The maintenance of the hydrants has been indifferent, which has on many occasions caused serious delays at fires owing to hydrants being out of order.

During the forthcoming year it is hoped that the water-supply will be improved by the installation of electrically-driven turbine pumps.

The reports of the previous years give full details of the exact position as regards water-supply. Now that the Cossipur-Chitpur, Maniktolla and Garden Reach Municipalities have been incorporated in the Calcutta Municipality, it is hoped that adequate water-supplies will be provided for these areas. Regarding the existing water-supply at Howrah and Cossipur-Chitpur, I again beg to invite attention of the authorities to my remarks which have been published in the annual reports for some years past.

12. **Fire Float.**—The fire float (4,000 gallons per minute capacity) has been extremely useful and on several occasions has saved serious situations by pumping water to feed land fire engines.

13. **Street fire alarms, telephones and electrical communications.**—It will be seen from this report than no less than 431 calls were transmitted to the Fire Brigade headquarters direct from street fire alarms which no doubt have in many cases saved serious fires from occurring by the rapidity with which the call can be transmitted. Five hundred and fifty-four calls were received from private telephones through the Telephone Exchange. In several instances complaints have been made by the public regarding the time taken in getting connection given to the Fire Brigade. The Bengal Telephone Corporation has fitted new operating boards at Fire Brigade headquarters for the telephone and fire alarm systems and the same are now in working order. It is hoped that the service will now give more satisfaction.

14. **Inspection Department, theatres and places of public amusement.**—During the year under review places of public amusement have been regularly inspected by a Fire Brigade Inspector.

It is unsatisfactory to note that the existing conditions in regard to enforcing the observance of the bye-laws and regulations are very ineffective, and owing to the exceedingly small fines which are imposed for non-observance and breach of bye-laws and the fact the theatres do not require any special license it is practically impossible adequately to safeguard the public. The question is now before Government, and it is hoped that full powers will be given to the authorities concerned in regulation of theatres. Failing this it is possible that a very serious catastrophe may occur at any time in some of the highly inflammable Indian theatres which are often overcrowded by public.

The fines imposed by the Municipal Court during the year for breach of bye-laws of theatres amounted to Rs. 324 against Rs 1,237 for the previous year.

In connection with the Licensed Warehouse and Fire Brigade Act I of 1893, 6,469 inspections of warehouses have been made during the year, 232 applications for licenses and complaints have been attended to and disposed of; 232 prosecutions were made under section 14 of Act I of 1893, which resulted in 107 persons being fined, aggregating in all Rs. 1,097, 42 persons being warned, 19 persons being acquitted and 64 cases withdrawn and filed.

15. **General.**—The Calcutta Fire Brigade protects the municipalities of Calcutta, Cossipur-Chitpur, Howrah, Maniktolla and Garden Reach and may attend fires outside the boundaries of the above municipalities but not exceeding a radius of 6 miles from the central fire station, provided that appliances can be spared and on payment of a prescribed fee.

I am pleased to record that the members of the Fire Brigade rendered excellent and strenuous services throughout the year.

16. **Ambulance Department.**—The motor ambulance service has been of much value to the public responding to 8,766 calls during the year.

The staff of the service consists of 10 drivers and 20 attendants.

The ambulance is financially maintained by Government and the Corporation of Calcutta at the proportion of one-third and two-thirds respectively. The total amount of receipts during the year, including the contribution from Government, amounted to Rs. 14,511-4-0 and the total amount of expenditure was Rs. 41,955-14, being met by the Corporation of Calcutta.

KING'S POLICE MEDAL.

NOTIFICATION.

(POLICE.)

Delhi, the 1st January 1925.

No. F.-25-V.—24.—His Majesty the King, Emperor of India, has been pleased to confer the King's Police Medal, and in three cases a bar to the medal previously awarded, on the following officers and men of the Indian Police establishments :—

Name of officer and rank.	Statement of services for which, in particular, the decoration has been conferred.
* * *	* * * *
	Bengal.
16. Syed-ud-din Ahmad, Sub-Inspector, Bengal Police.	In April 1923, on receipt of information that two thousand Sonthals were looting fish from a tank in a village in the Midnapore district, this officer proceeded to the spot with an Assistant Sub-Inspector and two constables. He arrested some of the offenders, whereupon the remainder attacked his small party and rescued the men arrested. Finding the situation critical the Sub-Inspector used his gun and the mob began to disperse. He followed them and succeeded in arresting ten of the ring-leaders. He has shown considerable tact, courage and devotion to duty at the risk of his life.
17. Satish Chandra Chakrabatti, Offg. Sub-Inspector, Calcutta Police.	This officer has done work of special importance for the past 9½ years, and has shown great keenness and application. He has frequently been employed on dangerous work and has displayed considerable initiative and great pluck.
18. Sheikh Abdul Karim, Constable, Calcutta Police.	This constable on a recent occasion displayed considerable bravery in making an arrest.
19. Muhammad Syed Ali, Sub-Inspector, Bengal Police.	In May 1923 on receipt of information that a serious riot was apprehended between large bodies of Muhammadans and Namasudras in the Faridpur district, this officer immediately proceeded to the spot accompanied only by an Assistant Sub-Inspector and four constables with two muskets. With his small force he remained at the spot for two days and owing to his efforts and bold front no rioting occurred during this period. Eventually, however, his small party was overwhelmed by numbers and a serious riot took place in which several persons were killed or wounded. Yet the Sub-Inspector continued to remain in the locality and arrested some of the ring-leaders. His conduct throughout indicated great pluck and devotion to duty.
20. Percival Clifford Bamford, Superintendent of Police.	This officer has held charge of the responsible and onerous appointment of Special Superintendent, Intelligence Branch, since September 1917, with the exception of a short time spent on leave. He has discharged his duties with marked vigour and ability and his long experience has been of great assistance to Government. In 1923 his services were placed temporarily at the disposal of the Government of India for employment in an important secret enquiry, and his services were greatly appreciated. Prior to his transfer to the Intelligence Branch he held other responsible appointments. His work has always been of the same high order, and he has shown great devotion to duty.

GOVERNMENT OF BENGAL.

LEGISLATIVE DEPARTMENT.

NOTIFICATION.

No. 43L., dated Calcutta, the 6th January, 1925.—His Excellency the Governor having been pleased to order, under rule 18 of the Bengal Legislative Council Rules, 1920, the publication of the following Bill, together with the Statement of Objects and Reasons which accompanies it, in the *Calcutta Gazette*, the Bill and the Statement of Objects and Reasons are accordingly hereby published for general information :—

THE BENGAL TENANCY (AMENDMENT) BILL, 1925;

A

BILL

further to amend the Bengal Tenancy Act, 1885.

VIII of 1885. WHEREAS it is expedient further to amend the Bengal Tenancy Act, 1885, in the manner hereinafter appearing;

It is hereby enacted as follows :—

1. This Act may be called the Bengal Tenancy (Amendment) Act, 1925. Short title.

2. After sub-section (*1*) of section 20 of the Bengal Tenancy Act, 1885, the following shall be inserted, namely :— Amendment of section 20 of Act VIII of 1885.

"(*1A*) A person shall be deemed, for the purposes of this section, to have continuously held land in a village, notwithstanding that such village was defined, surveyed and recorded as, or declared to constitute a village at a date subsequent to the commencement of the said period of twelve years."

STATEMENT OF OBJECTS AND REASONS.

In an area of about 390 square miles in the Sundarbans of Khulna district, notifications constituting villages within the meaning of clause (*10*) of section 3 of the Bengal Tenancy Act were not published until the years 1914 and 1916. In connection with the settlement operations now being carried on in Khulna district, the question arose whether tenants who have held lands in this area for more than 12 years have acquired occupancy rights. In a suit between the Port Canning and Land Improvement Company and some of their tenants, the High Court have held that occupancy rights have not accrued, and that in order that an occupancy right may be acquired, the land must be held in a village for a period of 12 years, and that if the land has not been comprised in any village in the statutory sense, the condition of acquisition of the occupancy right has not been complied with.

The result of this ruling is that, unless legislation be undertaken, tenants who have held lands in this area for more than 12 years cannot be shown as possessing occupancy rights in the record-of-rights which is now being prepared. The object of the Bill is to confer the status of a settled raiyat on such tenants and thereby to make it possible for the Settlement Officer to show in the record-of-rights that they have occupancy rights. The declarations constituting villages in this area under clause (*10*) of section 3 of the Bengal Tenancy Act were made with the object of enabling the tenants to acquire occupancy rights, and it is considered just that they should not be deprived of these rights by the interpretation which has been given to the existing law by the High Court.

The matter is urgent, because the Director of Land Records reports that the record-of-rights of part of the area affected is now being printed. It has therefore been decided to introduce this Bill without waiting for the introduction of the Bill amending other sections of the Act.

DACCA.

No. 116P.H.—The 19th January 1925.—In pursuance of section 37F of the Bengal Municipal Act, 1884 (Bengal Act III of 1884), read with rule 2 (2) of the Transferred Subjects (Temporary Administration) Rules, it is hereby notified for general information that the scheme submitted by the Commissioners of the Dacca Municipality for extending its sewerage has been approved by the Governor of Bengal and that the particulars of the said scheme are as follows :—

(*a*) The scheme provides for laying, in the more important parts of the town outside the area already sewered, about 18,300 r. ft. of main and branch pipe sewers, varying in sizes from 6" to 21" diameter ; the construction of about 6,700 r. ft. of circular brick sewers of diameter varying from 2' to 2' 9", 6 dumping depôts in convenient centres, gulley pits, etc. ; and also a large irrigation area, with farm buildings, roads, etc., in extension of the existing outfall works.

The above works, together with those already completed, will render the existing night-soil railways unnecessary, will pick up as much as possible of the sullage and polluting liquids, and will form the framework on which branch sewers can afterwards be added.

The whole of the sewage and sullage of the area to be served, together with a certain quantity of surface water, will be conveyed by the sewers to the outfall works where it will be passed, through the settlement tanks, into the stormwater dilution tanks in the rainy season, and on to the irrigation land in the dry weather.

(*b*) The scheme is roughly estimated to cost Rs. 7,60,000.

(*c*) The cost of maintenance of the whole of the sewerage system is estimated at Rs. 25,000 per annum.

(*d*) The entire cost of the extension scheme will be met from a Government grant, subject to the condition that the total Government grant for the whole scheme (initial and extension schemes) shall not exceed Rs. 25 lakhs. If the estimate for the whole scheme is likely to be exceeded, it will be necessary to omit from the scheme the construction of certain branch sewers so as to keep the expenditure within the limits of the promised Government grant. The cost of maintenance will be met from the expected profit from the farming operations at the outfall works and the savings to be obtained by the abolition of the night-soil railway and the trenching ground, after the whole scheme is brought into operation.

The said scheme will be taken into consideration on or after the 23rd March 1925, and any objections or suggestions with regard thereto, which may be received by the undersigned through the District Magistrate before that date, will be duly considered.

Circular Letter.

Senate House, the 17th January 1925.

From—RAI A. C. BOSE, BAHADUR, M.A., Controller of Examinations, Calcutta University,

To—The Head Masters of Recognised Schools.

The Matriculation Examination of 1925 commences, as already notified, on the 2nd of March 1925, and the University appreciates the expedition with which the candidates in the numerous schools have been tested, the results adjudged and the applications and fees forwarded to this office where they are being dealt with.

Under Chapter XXX, section 3 of the Regulations, no candidate shall be admitted to the Matriculation Examination, unless he shall have completed the age of sixteen years on the first of the month in which he appears at the examination, *i.e.*, the 1st of March 1925.

The local Government is about to sanction a modification of this rule under which candidates *who shall have completed the age of fifteen years on the 1st of March, 1925*, may also be admitted to the examination, and this would be possible only if their applications, duly countersigned with their fees, are sent up immediately. If, therefore, there are candidates in the Matriculation Class of your school, who shall have completed the age of fifteen years on 1st March, 1925, and who have been *already tested* and found *eligible* for admission but who have been kept back, the Hon'ble the Vice-Chancellor and Syndicate will feel obliged if you will send up their applications duly countersigned and fees, so as to reach this office on or before *Monday, the 26th January, 1925.* If there are candidates who shall have completed the age of fifteen years on 1st March, 1925, but who have not yet been tested, it will be necessary to test them *immediately*, and if they are found eligible, their applications duly countersigned and fees should also be sent so as to reach this office by the date mentioned above, *viz.*, the 26th January, 1925. It should be clearly borne in mind that *no applications and fees will, on any account, be received after the 26th January, 1925.* You will, no doubt, realise the urgency of the matter and act accordingly.

I am enclosing two blank forms for your school, but if you require more, please have manuscript copies made out.

RESOLUTION—No. 470L.R.

READ—

The report of the Board of Revenue on the administration of wards', attached and trust estates in the Presidency of Bengal for the year 1330 B. S. (1923-24).

1. **Number of estates under management.**—The number of estates under the management of the Court of Wards at the beginning of the year under report was 69, including three small estates owned by some members of

the Nawab family of Dacca not shown in the appendices to the report. Three new estates were brought under the charge of the Court during the year and one estate released. The portion of the Bhukailash estate No. 1, lying in the district of the 24-Parganas, was transferred to the management of the Collector of that district. There were thus 72 estates under the Court of Wards at the close of the year.

2 **Collection of rent and cesses.**—The total demand of rent and cesses during the year was Rs. 1,04,57,430, of which Rs. 49,46,494 or 47·3 per cent. was collected against 44·8 per cent. in the previous year. The percentage of collection on current demand declined slightly from 110·5 to 108·6. The outstanding balance due to all the estates at the close of the year aggregated over Rs. 47 lakhs, representing 102·3 per cent. on the current demand against 117·8 per cent. in the preceding year.

3. **Debts of estates.**—The total debts of estates under management amounted to Rs. 30,00,468 at the close of the year against Rs. 34,34,230 in the preceding year. The principal repaid or otherwise reduced during the year amounted to Rs. 5,20,530, and the total amount of interest paid or reduced was Rs. 2,91,013.

4. **Cost of management and audit of expenditure.**—The percentage of the cost of management on the current rent and cess demand was 14·4 against 14·9 in the preceding year.

5. **Civil suits and certificate procedure.**—The total number of certificates for disposal was 32,977, which covered an aggregate demand of Rs. 8,99,849. Of these 21,378 were disposed of, and a sum of Rs. 5,11,404, representing 56·8 per cent. of the total claim against 59·2 per cent. in the previous year, was realised during the year.

Of 3,905 suits for disposal. 3,578 cases were disposed of covering a demand of Rs. 1,46,831, leaving a balance of Rs. 2,22,902 outstanding at the close of the year.

DEPARTMENT OF AGRICULTURE, BENGAL.

First Forecast of the Wheat Crop of Bengal, 1924-25.

NOTE.—On an average of the five years ending 1922-23, the area under wheat in Bengal has represented some 0·4 per cent. of the total area under wheat in India. The ratio of the irrigated wheat acreage to total wheat acreage in (*a*) British India and (*b*) in the territory now reported on has, in the five years ending 1922-23, averaged (*a*) 45·2 and (*b*) 14·1 per cent., respectively.

Explanatory.—Four forecasts of the wheat crop are published. This forecast deals only with the area sown and the general condition of the crop in its early stages.

Acreage.—According to the estimates of the District Officers the total area sown amounts to 127,3C0 acres against 121,400 and 120,400 acres reported, respectively, in the corresponding and final forecasts of last year.

Character of the season.—Wet weather during the months of September to November proved generally favourable for the field operations in the highland tracts. Consequently sowings commenced in the usual time except in Dinajpur, Jalpaiguri, Pabna, Malda and in parts of Faridpur, where they were somewhat late. Dry weather in December was helpful to the growth, and the present outlook is generally promising.

Director of Agriculture, Bengal (offg.).

GOVERNMENT OF BENGAL.

APPOINTMENT DEPARTMENT.

CALCUTTA, THE 20TH JANUARY 1925.

RESOLUTION—No. 1227A.

In paragraphs 394 to 399 of their report the Bengal Retrenchment Committee recommended an all-round reduction in the pay of the Provincial Services. The Governor in Council decided that existing members of the services should not have their time-scales altered, but that the recommendations of the Retrenchment Committee should be examined by each department and that a revised scale of pay should, if necessary, be submitted to Government. This examination was made, but before any further decision was arrived at Maulvi Sayedul Hoque, M.L.C., gave notice of his intention to move the following resolution in the Legislative Council :—

"This Council recommends to the Government that all future appointments in the Provincial and Subordinate Services, both Judicial and Executive, be made on the same scale of pay as was in force in the year 1913-14."

In view of their decision that existing members of the services should not be prejudicially affected by any action that might be taken, Government would have been unable to accept this resolution. It was however their intention to suggest to the Legislative Council that a Committee should be formed to deal with the question of the scale of pay which should be fixed for future entrants into the Bengal Civil Service in both its Executive and its Judicial branches. Circumstances deprived Maulvi Sayedul Hoque of an opportunity of moving his resolution. But as the pay of the Bengal Civil Service is the standard by which the pay of other provincial services is measured, Government regard the question of the scale which should be fixed as one of great importance and desire to obtain advice before they arrive at a final decision. They have therefore decided to adhere to their intention of appointing a representative Committee to consider the matter.

The Retrenchment Committee further recommended that a large part of the duties hitherto performed by the Executive Branch of the Bengal Civil Service should in future be performed by the Subordinate Civil Service. If effect is given to this recommendation it may be necessary to make some adjustment in the pay of the latter service. This question can conveniently be considered by the same Committee.

The Governor in Council has been pleased to appoint the following gentlemen to be members of the Committee :—

The Hon'ble Mr. J. Donald, C.S.I., C.I.E., I.C.S. ... *President.*
Rai Abinash Chandra Banerjee Bahadur, M.L.C.
" Harendra Nath Chaudhuri, M.L.C.
Khan Bahadur S. Mahboob Aley, M.L.C.
Khan Bahadur Abdus Salam, M.L.C.
Mr. A. F. Rahaman, M.L.C.
Rai Purna Chandra Basu Bahadur.
" Sahib Bijay Bihari Mukharji.
Babu Rajendra Lal Acharji.
Mr. A. E. Porter, I.C.S. ... ... *Secretary.*

The points on which the Committee are asked to report are :—

(1) the scale of pay which should be fixed for future entrants to the Bengal Civil Service in both the Executive and the Judicial branches ;

Rules.

1. **Taking of photographs.**—No Magistrate shall order a photograph of a convict or other person to be taken by the police for the purposes of the Identification of Prisoners Act, 1920, unless he is satisfied that such photograph is required for circulation to different places, or for showing it, for the purpose of identification, to a witness who cannot easily be brought for a test identification to the place where the investigation is proceeding, or that the photograph is required to be preserved as a permanent record.

2. **Place for taking measurements and photographs.**—Measurements and photographs shall invariably be taken in or alongside the court police office, or inside a police-station or a jail, and in no case shall they be taken in view of the public.

3. **Finger prints.**—Measurements of finger prints shall be taken in the following manner, namely :—

(*1*) The "rolled" prints of the right hand shall be taken first, each finger being inked and impressed before the next finger in rotation is linked. When the "rolled" prints of the right hand have been taken, the operator shall take the "plain" prints of the four fingers of that hand simultaneously. When the right hand has been finished, the operator shall proceed to take the prints, "rolled" and "plain", of the left hand in a similar manner. The "rolled" prints shall show the complete contour of the bulbs of the fingers. The impressions of the upper phalanx of fingers only shall appear.

(*2*) If any finger is missing, or is so deformed that it is impossible to obtain an impression, the fact shall be noted in ink in the space allotted for that finger by the word "missing" or "deformed." In the case of double fingers, the prints of both fingers shall, if possible, be taken ; and if this is not possible, then the print of the more prominent of the two fingers shall be taken.

(*3*) Impressions shall be taken with printer's ink.

(*4*) A "rolled" print shall be obtained by first inking the bulb-surface of the finger between the boundaries of the nail and then lightly rolling the inked finger over on to the paper once, the plane of the nail being at right angles to the plane of the paper.

(*5*) A "plain" print shall be obtained by lightly placing the inked finger flat upon the paper without any turning movement.

4. **Foot-prints.**—Measurements of foot-prints shall be taken in the following manner, namely :—

A tin slab shall be inked with printer's ink by means of a roller. The person to be measured shall be barefooted and shall place each foot in turn first on to the inked slab and then upon a piece of paper kept at a suitable distance.

5. **Height.**—A measurement of height shall be obtained by making the person to be measured stand erect, barefooted, on a measuring standard and recording his actual height.

6. **Dress.**—The dress to be worn by a person, when being photographed, shall be his ordinary every day attire, or, in the case of persons impersonating others, the usual attire of the person or class of person impersonated.

7. **Records.**—The records of measurements and photographs shall be preserved as follows :—

(*1*) during investigation, by the investigating police ;

(*2*) during trial, by the court police ;

(*3*) the rules regarding the safe custody of case diaries shall apply *mutatis mutandis* in both cases (*1*) and (*2*) ; and
